If you need to switch assignments with someone, please make those arrangements on your own. If you can't find someone, please let me know sooner rather than later.

*** Please remember, there is still no offertory scheduled. If restrictions are lifted and we go back to taking an offering during the service, we will schedule offertories at that time. In the meantime, if you would like to play a piano solo,

we would love to have you do that as a ministry in music, please let Hannah know. She will put you in where it will work best.

Thank you for using your talents to further the ministry of Community Bible. You are appreciated.
